

Wave Pro

P E R M

N

for normal hair

G

for color-treated hair

R

for natural and resistant

www.mayacoloration.de

APPLICATION:

1 SHAMPOO THE HAIR LIGHTLY WITH WAVE PRO

Shampoo without massaging the scalp, squeeze out excess moisture with a towel.

2 PREPARATION FOR WINDING

Especially hair that is longer than 15 cms must be kept damp with water before winding.

3 WINDING:

Section the hair and wind. Each section should be approximately as wide as the curler. End papers simplify winding.

4 APPLICATION OF PERM LOTION:

After winding, dampen each curler thoroughly twice, starting at the neck.

QUANTITIES TO BE USED

Approximate quantities according to the length of the hair:

-54g (50ml) for hair up to 10 cm

-80g (75ml) for hair from 10 up to 40cm

-107g (100ml) for hair longer than 40cm (one tea spoon equals 15ml)

After application of perm lotion, cover with plastic cap and a towel.

5 Development times

Type of hair	1 perm lotion	1 development time with cap
Normal hair	N	15 to 20 minutes
Coloured hair	G	10 to 20 minutes
Natural hair	R	8 to 15 minutes

6 Test curl:

The final development times should always be determined by making several test curls.

The desired results are achieved when the diameter of the curl is equal to the diameter of the curler. Test curls can be repeated until the desired results are reached.

7 Rinsing out

After completion of the development time rinse the wound hair with warm water for about 2 to 3 minutes. The rinsing time depends on the length of the hair.

8 Blot off excess moisture with a towel /paper serviette.

9 First neutralization:

Foam up by squeezing the sponge and apply 2/3 of the neutralizer to the curlers and leave on for 5 minutes.

10 Unwinding:

Unwind the hair carefully without pulling.

11 Second neutralization:

Apply the rest 1/3 of the neutralizer from the roots to the ends and leave on for a further 5 minutes.

12 Rinse the hair thoroughly with warm water. Conditioning and strengthening of the hair:

In order to retain beauty and shine of the hair we recommend the use of Maya Professional conditioner.

⚠ WARNING: WAVE PRO PERM N,G,R:

Contains thioglycolic acid salts. Follow the instructions for use. Keep out of reach of children. Wear suitable gloves. Avoid contact with eyes. In case of contact with the eyes, rinse immediately with plenty of water and seek medical advice.
